

## The Components of a Useful Life

---

A “useful” life in the eyes of God is regenerate (Rom 3:12). The heart is devoted to God. Character is shaped by the priority God establishes in the life, dispelling self-interest (Matt 6:33). We become like Jesus in the process, the root results in fruit (Col 2:6-7; Gal 5:16-26). In this way, others are impacted by our lives in the sense that they encounter Jesus through us (2 Cor 5:20).
